

# *new* **PEER<sup>®</sup>** *panoramic* **STAND MAGNIFIER**

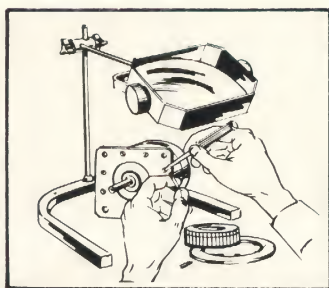

Distortion free  
magnification for  
miniature and  
sub-miniature work

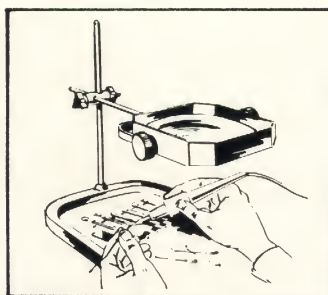

Up to 48 square inch  
***panoramic***  
work-viewing area

Bring your work into sharp focus. Assure continuous, fatigue-free production or inspection; eliminate tension, eye-strain. When required, you can instantly expand work viewing area by extending or raising bars. 15" height provides space for larger work, tools and hands. Special Peer<sup>®</sup> precision-ground lens needs no focusing; maintains complete depth of field through all focal point depths and distances.

- Heavy-duty metal base
- Polished steel horizontal and vertical bars

6" X 6" Lens Full 36 Sq. In.  
(3x Magnification)

6" X 8" Lens Full 48 Sq. In.  
(2.5x Magnification)

No.	Power	Lens		Price
		Size	Area
